

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office

April 12, 2000

SENATOR KIEL: Senator Bromm, you're authorized to open.

SENATOR BROMM: Thank you, Senator Kiel. This is the proposed appointment of two individuals to the Nebraska Information Technology Commission. One of the members, one of the appointee candidates is "Hod" Kosman, who is a Scottsbluff banker. He has been on this commission for approximately 6 mon...16 months and this is a reappointment. The other proposed appointee is Pamela Vanlandingham from Omaha, who is an employee, and has been for some 13 years, I think, of CSG Systems Inc. Both of these individuals have expressed strong willingness to serve on this commission. This commission is part of the state's answer for future technology advice, counsel and supervision, and so I think these are important positions. These people seem to be highly qualified. Be glad to try to answer any questions or would ask for the body's support. Thank you.

SENATOR KIEL: Thank you, Senator Bromm. Senator Chambers.

SENATOR CHAMBERS: Madam President, I would ask for a division of the question.

SENATOR KIEL: The question is divisible. Senator Bromm, which one would you like to take first?

SENATOR BROMM: Let's take Ms. Vanlandingham first, please.

SENATOR KIEL: You're recognized to open on...

SENATOR BROMM: Okay, I think I have spoken briefly about her. She does...she is a new appointee but she has considerable experience in the technology field in her employment. I think she will be a good asset to this commission and I would simply ask the body to confirm this proposed appointment.

SENATOR KIEL: Thank you, Senator Bromm. Seeing no further lights, the question is the vote on the first part of the divisible question. All those in favor vote aye; all those opposed vote nay. Record, Mr. Clerk.

CLERK: (Record vote, Legislative Journal pages 1772-1773.)  
32 ayes, 0 nays, Madam President, on the adoption of that
